

## Control This

The Dead 60s

You gotta fight some time  
On a dead end line  
When your time has come  
Don't be crying for another son

There's time to dry your tears  
You've got fifteen years  
Learn your game  
They'll never forget your name

So won't you control this  
Cause I don't need this

Before you meet your fate  
Let's interrogate  
Never set your sights  
On cashing in the bill of rights

There's time to dry your tears  
You've got fifteen years  
Learn your game  
They'll never forget your name

So won't you control this  
Cause I don't need this

So won't you control this  
Cause I don't need this  
And won't you control this  
Cause I don't need this
