

Spit Sink

The Dead Milkmen

Oh come on baby take a drink
Never mind that it's a spit sink
A spit sink
A spit sink
It's nothing but a spit sink
Jam

Took a drink
Thought I was gonna die
Somebody told me
The water was formaldehyde

Ah take off your clothes
Don't be lonely
The sign above
Says "for Negroes only"
A spit sink
A spit sink
It's nothing but a spit sink
Jam

Went to the doctor
Thought I was gonna flip
He said "Boy,
This is a heavy acid trip"

The world is nothing but an open sewer
The trash and slime just runs right through her

Take off your clothes
Let's jump in
We can go
For a little swim
A spit sink
A spit sink
It's nothing but a spit sink
Jam

Took a drink
Thought I was gonna die
Somebody told me
This water is formaldehyde

Come on baby take a drink
It's acid baby
It'll make you really think
