

Shapeshifter

The Dead Rabbits

Shapeshifter!
Yea, changing gears in the blink of an eye,
Always on the fences
Never know what's brewing in your mind,
I'll sacrifice myself just do end this

Take my body and burn it at the stake if it's my only
Escape from all your disguises, all of your lies, shapeshifter

Shapeshifter,
Shapeshifter!

Never know who your fighting for,
You play your game with both sides
You don't deserve trust,
You don't deserve anything, anymore.

Take my body and burn it at the stake if it's my only
Escape from all your disguises, all of your lies, shapeshifter

You sick sadistic twisted mother fucker

Shapeshifter

Take my body and burn it at the stake if it's my only
Escape from all your disguises, all of your lies, shapeshifter
