

Chew-in-cum (sperm-int Mix)

The Dead

You eat me with your charm
And your supernatural sweetness
You cover me with insinuations

She invites me to do things that
I would do in any case
And now I've got pins and needles in my hands

Off with your shirt and let yourself go
My 10 inch ripper awaits
Embrace my Johnny with your lips
Let the juice flow
And chew-in-cum

The pleasant smell of your sweat
Your charismatic perfume
No need to play with my joystick
I blame you for my skin
The time has come to play my game
Sinful moves
Purposeful conclusions in my mind
Nice little chick (so) chew-in-cum

Supersonic bitch
Her love is rocket fuel
Super sleazy curves
None can deny her
You bring life to my dick
she won't kiss and tell
Release me from my lust
She's ultra super slick
