

Heavenly Whipping Queen

The Dead

She feels exciting pleasure
As she whips my ass
Taboos are alien to her
Godly act of rapture

Licking your boots
And kissing your feet
In your vagina
I want to be knee deep

I'm your creeping servant
Even unworthy to breathe
I'm impaled by your two fists
A force I can't resist

Sympathy for gastric feasts
Addicted to the spastic beats
Unleash emotions with your whip
Prudery just makes me sick

Sonic flash
On your skin
Feel the groove
Ancient dreams
Oh my queen
Satisfied!
