

Tits

The Dead

Hot, hot in the summer,
in the city, in my pants
I like the way your "boobies" dance
I wanna lick, suck them dry,
squeeze them hard, rub my pale between'em
When you take off your shirt
I am your "He-Man"!

Roses are red
And violets are blue
Girls have tits
and what about you?
My hands are two
And they don't want gifts
You've got what I'm looking for...

...TITS!!!

When they quickly start to bounce
When they shake, popping out, loosening ground
I wanna swing my snake around and round
Puffy nipples, firm breasts, heavy hangers, flat chests
I don't care if big or small
These hands can grab them all

I am a horny fornicator, udder-crack
Just want front, don't want back
A-, B-, C-, D-cup... Check!
Puffy nipples, firm breasts, heavy hangers, flat chests
I don't care if big or small
These hands can grab them all
