

# This Is Why We Fight

The Decemberists

Come the war  
Come the avarice  
Come the war  
Come hell

Come attrition  
Come the reek of bones  
Come attrition  
Come hell

This is why  
Why we fight  
Why we lie awake  
And this is why  
This is why we fight

When we die  
We will die  
With our arms unbound

And this is why  
This is why  
Why we fight  
Come hell

Bride of quiet  
Bride of all unquiet things  
Bride of quiet  
Bride of hell

Come the archers  
Come the infantry  
Come the archers  
Of hell

This is why  
Why we fight  
Why we lie awake  
This is why  
This is why we fight

And when we die  
We will die  
With our arms unbound  
And this is why  
This is why we fight  
Come hell  
Come hell

This is why  
Why we fight  
Why we lie awake  
This is why  
This is why we fight

When we die  
We will die with our arms unbound

And this is why  
This is why we fight

So come to me  
Come to me now  
Lay your arms around me  
And this is why  
This is why  
We fight  
Come hell  
Come hell  
Come hell  
Come hell
