

# Baby Done Got Some Soul

The Delgados

Baby done got some soul, she's a fighter  
Breakin' my spine, but takin' the time, to hit slowly  
To rock my bones, till I got no feelin'  
Lord above, livin' on love, do I know what I'm doin'

Get on, get on, get on, get on baby  
Get on, get on, get on, get on baby

Baby done got some style, she's a hazer  
Blacken my eyes, tellin' me lies, gonna believe her  
Don't put the world into motion  
Shakin' my tree, pushin' on me, just tryin' to please her

Get on, get on, get on, get on baby  
Get on, get on, get on, get on baby  
Get on, get on, get on, get on baby  
And you'll be there, god planted soul for two, me and you

Get on, get on, get on, get on baby  
Get on, get on, get on, get on baby  
Get on, get on, get on, get on baby  
And you'll be there, god planted soul for two, me and you
