Well you can call me a punk, I like to scrap when I'm drunk And I'm just likely to cause a scene
I got an old Cadillac, I like to sit in the back
And flog the dog between the covers of Sex-teen

Hey man, I said now don't push me around Hey man, I'm eighteen and I've been around

I'm gonna buy me some wine, I'm gonna have a good time And don't you tell me what I shouldn't do Cause you just don't understand, I'm not a boy, I'm a man But you don't wanna hear from nothin', now do you

Hey man, I said now don't push me around Hey man, I'm eighteen and I've been around

Well you can tell me I'm right, and you can tell me I'm wrong But I don't really care what you say I'm gonna drive into town with the top rolled down And find me someone who's been feelin' the same way Been pushed around, I've been taken by clowns They're makin' millions just for fun, what a bad break And who's to know if the show was a show With his picture on the cover of Newsweek

Now hey man, I said don't push me around Hey man, I'm eighteen and I've been around Hey man, I said now don't push me around Hey man, I'm eighteen and I've been around
