The Delgados

V1 Started to fight But I took off in fright Could not believe That she didn't chase me V2Climbed on her back With an ambush attack Down came the force And down came the briefcase V3 Quiet before Then you came to the fore Not unsurprised Still happy to see you V4 You know there's no chance Not a sniff of romance And I'm thinking this is the end of the line Chorus And you're feeling fine Are you looking for favours Returned for your crime Help me to stand Help me to say That I don't want to be here I don't want to stay I just want away V5 A hit for a feel With unconquered appeal You locked the door And I started to tremble V6 Touch without touch Are we feeling too much I can't decide If I'm feeing able V7Eyes that don't meet Are we too scared to speak I can't provide What you are requesting V8 You know there's no chance Not a sniff of romance And I'm thinking this is the end of the line Chorus And you're feeling fine While you're looking for favours

Returned for your crime Help me to stand Help me to say That I don't want to be here I don't want to stay I just want away

(M8)

Chorus And I, I'll try to feel fine While I'm taking orders from bottles of wine Help me to stand Help me to say That I don't want to be here I just want away

Touch without touch Feel without feel Are we both really hoping This just isn't real Help me to stand Help me to say That I don't want to be here I don't want to stay I can't give today
