

Girl In My Dreams

The Delgados

You been cheatin', and I don't know why
You've been runnin' with another guy
You drive me crazy, babe I don't know
Oh tell me girl, or just let go

You better watch what you say, and watch what you do
Cause if you're wastin' my time, I found someone new
The girl in my dreams, there's no in between
The girl in my dreams, there's no in between, yeah, my my

So what you're tellin' me, you know it's untrue
What you're sayin' girl, is I'm a fool
If you believe it, just say so
Oh tell me girl, is it yes or no
I can't take it, you're callin' me down
I can't fake it girl, and stick around, no
I'm just a fool and I know that I depend on you, yeah yeah yeah

You better watch what you say, I'm talkin' to you, you baby
Cause if you're wastin' my time, I found someone new
The girl in my dreams, there's no in between
The girl in my dreams, there's no in between, guitar

Yeah yeah yeah yeah
Well this is it girl, cause I gotta know
If there's a chance baby, tell me so
I wanna take it, a day at a time
Tell me baby, lay it right on the line, this time

You better watch what you say, and watch what you do, you baby
Cause if you're wastin' my time, I found someone new
The girl in my dreams, there's no in between
The girl in my dreams, there's no in between, yeah
The girl in my dreams, there's no in between
The girl in my dreams, yeah, oh yeah
