

Marjorie

The Delgados

It seems like a silly thing I said
Seems like a silly thing I've done
But I was lost and all alone, completely alone
I couldn't take it anymore

And like a dream you came to me
And when no one else can see
You help me understand
Took me gently by the hand
Marjorie, your memory, is living, loving, everyday
But no one's strong when love goes wrong
It's over, if no one wants to stay
And I really feel I have to get away, get away

And yes it's sad to be alone
Gettin' drunk and gettin' stoned
First the whiskey, then the wine
Till I was losin' my mind
I couldn't take it anymore

And like a dream you came to me, oh
As no one else could see
You helped me understand
And took me gently by the hand
And I can tell, that magic spell
Is living, loving, everyday
But no one's strong when love goes wrong
It's over, if no one wants to stay
And I really feel I have to get away, get away
Get away, get away, get away, get away, ooh
Get away, get away, get away
Get away, get away, get away, get away, ooh
Get away, get away, get away, get away, ooh
Get away, get away, get away
Get away, get away, get away, get away, ooh
Get away, get away, get away
