

Simple Like The Truth

The Delgados

I love you. You love me
But you never say that to me,
I want you. You want me
So how come I don't believe?
It's in the way you kiss my face,
And in your every move...
Won't you tell me something
Simple Like the truth -
Even if it isn't "I love you"?
Won't you let me know your heart,
And lay me down...
Is it so hard to tell me?

"It's nothing,
Don't be stupid,"
How come you always
Say that to me?
"It's alright, take it easy,"
But easy is so hard to be...
It's in the way you
Brush me by,
The way that you make love...

Chorus

It's not that I'm weak
Baby I can't take it,
It's not that I'm blind -
I can see you fake it...
If you only knew what I'm going thru -
Then you'd find the words to whisper
Or you'd find the strength to leave...

Chorus

I watch you. You're reading
But baby you're so hard to read.
I love you. You love me
