

# Give Your Baby A Standing Ovation

The Dells

Thank you very much  
Ladies and gentlemen  
You know, we're mighty  
Glad to be here today

And although we're  
The stars of the show  
We know that that  
Ain't all there is to it

Because behind every star  
As behind every great man  
There is a woman

And I want to tell you out there  
That if you are a man  
You've got a woman

And I think you should take  
A little time out to salute that woman  
And give that woman a  
Great big round of applause

There's a lot of plastic faces of every kind  
And as you walk around the stage of life  
Don't it kind of make you feel proud

You know no matter what the problems  
There's one who understands  
And you can rest assured, feel secure  
She'll make you her only man

Give your baby a standing ovation  
And she's sure to give a hand to you  
Oh, give your baby a standing ovation  
And she's sure to give a hand to you

When you can't get no satisfaction  
And your world is full of gloom  
She gives you strength and confidence  
When she walks into the room

From the roar of a thousand voices  
Comes a sound you've learned to know  
When she calls your name  
You can't feel no pain  
You gotta smile and a standing O

Give your baby a standing ovation  
And she's sure to give a hand to you  
Oh, give your baby a standing ovation  
And she's sure to give a hand to you

Stand up and give a hand  
Stand up and give a hand  
Stand up and give your lady a standing  
Standing ovation, standing ovation

You know no matter what the problems  
There's one who understands  
And you can rest assured, feel secure  
She'll make you her only man

So give your baby  
Baby, baby, a standing ovation  
And she's sure to give a hand to you

I don't know about you  
But I'm gonna give my baby  
A standing ovation  
And she's sure to give a hand to you

Stand up and give your baby  
A standing ovation  
And she's sure to give a hand to you
