

# Oh, What A Night

The Dells

Do you recall the night  
That very, very special night  
Do you remember a girl (that very, special girl)  
Well to the old and to the new  
We redeacate this song to you

Oh what a night, too love you dear  
Oh what a night, too hold you near  
Oh what a night, too squeeze you dear,  
That's why I love you so.

Oh what a night, too love you dear  
Oh what a night, too hold you dear  
Oh what a night, too kiss you dear,  
That's why I love you so

I won't forget all those things you have told to me  
Things in my heart won't let me forget your love

Oh what a night, too love you dear  
Oh what a night, too hold you near  
Oh what a night, too squeeze you dear  
That's why I love you so.

Oh what a night, too love you dear  
Oh what a night, too want you dear  
Oh what a night too kiss you dear  
That's why I love you so.

One more night  
Can I walk you home one more night  
I wanna make love to you one more night  
I love you baby  
I want you baby  
I need you baby  
I love you baby.... one more night
