

## Stay In My Corner

The Dells

If you stay-ay-ay darling (stay in my corner)  
You make me so proud, stay darling  
Please stay in my corner  
To the world I'd cry my love

How I love you  
Honey I love you, I really love you  
Please, please, please stay darling  
And I will never never let you down

Just say you'll stay  
Stay in my corner  
'Cause I'll need you always around  
To tell me you love me  
Honey love me, so darling stay

There'll be times when I may fail  
I'll need your love to comfort me  
But if these may prevail  
But just a kiss from you

Will make things sweet  
MMM stay, ohhhhh stay  
One more time baby  
But just a kiss from you

Will make things sweet  
Honey I love you, I love you  
I love you
