

Making A Cross

The Desert Sessions

Assaulting my dreams
Attracts in the bone
I've never been dead this long before
Stir on the ground
Stamped on the line
To find myself born inside a stone

I'm making a cross of all you are
And up on the hill I hear your name
I'm making a cross of all you are
And up on the hill I hear your name
I'm making a cross of all you are
It's never been easy

Assaulting my skins
Dry as a tear
It's never been easy to know
Frozen in fate
Hooked on a line
I heard you say it could be mine

I'm making a cross of all you are
And up on the hill I hear your name
I'm making a cross of all you are
And up on the hill I hear your name
I'm making a cross of all you are
It's never been easier
