The walls are closing in again, oh well
The walls are closing in again, oh well
I seen some things I thought I never saw
Covered in hair (hair)
Paul's dad is warped and bubbling, oh well
Paul's dad is warped and bubbling, oh well
And my mind is up here on another wave
Covered in hair (hair)
She won't grow
You've got a monster (distress) in your parasol (why, yes)
You've got a monster (divorce) in your parasol (of course)
You've got a monster (displeasure) in your parasol (my treasure
You've got a monster (your pain) in your parasol (drives me ins
ane)
Paul's sister is an alien, oh well
Paul's sister is an alien, oh well
I seen some things I thought I never saw
Covered in hair (hair)
She won't grow
You've got a monster (distress) in your parasol (why, yes)
You've got a monster (divorce) in your parasol (of course)
You've got a monster (displeasure) in your parasol (my treasure
You've got a hole (your pain) in you I never saw (drives me ins
In your parasol, in your parasol (insane)
(Drives me insane)
I'll cut your pretty face
