

Feels so good to have it  
Can't stop that broken faucet  
Now and again, spill to the floor  
I'm up to my neck and I'm swimmin to you  
Step in the nude, I'm singin the blues

If I can't sing my blues  
Can I drink my booze  
I have paid my dues  
You can hide like fools, oh yeah

Feels so good to have it  
Feels so good to have it  
There's no more we can do  
Hey, it is true  
Now I am through

If I can't sing my blues  
Can I drink my booze  
I have paid my dues  
You can hide like fools, oh yeah

Feels so good to have it  
Feels so good to have it
