

Care More

The Devil Wears Prada

Talk to the radio.
Speak out loud, speak so true.
Sing to an old love.
Never forget, always embrace.

Something or someone try to see.
I need that much.
There's got to be more than this.
I need that much.

Try to see. Try to see.
Try to see. Try to see.

Walk to that old street.
It still remains, it hasn't changed.
Feel to what means most.
Never forget, always embrace.

Something or someone try to see.
I need that much.
There's got to be more than this.
