

# Static In The Flow

The Devlins

Do you feel safe, here in my arms?  
There's so much more to this than just being here  
And time won't erase, the way that you feel  
The search for something new  
Is that what you fear?

It's gonna show, the static in the flow (2x) Uh-huh  
You scratched the itch, and now it's sore  
I know you liked it, and you'll scratch some more  
It's gonna show, the static in the flow (2x) Uh-huh  
What you hidin' from? (3x)

In your heart you're good Maybe he doesn't treat you right  
It's gonna get harder  
To make it right through the night, yeah  
It's gonna show, the static in the flow (3x) Uh-huh, uh-huh  
The static in the flow

What you hidin' from? (5x)
