## **Dead Heat**

**The Dickies** 

put them up against the wall pull the trigger watch them fall they can only feel the pain stand them up and start again tell the sargeant what you saw fear the long arm of the law even though it's hanging there drugs and bad guys you'd better beware

of dead heat they're dead heat if you shoot 'em down they'll be back on thier feet they're dead heat they're dead heat if you shoot 'em down they'll be back on the street

take 'em down contempt divine (?)
a cat that looks like frankenstein
he's holding up a jewellery store
listen to his bullets roar
their job is done they're all alone
they work their fingers to the bone
they're weary as they walk their beat
all day long they're dead on their feet

they're dead heat they're dead heat certified zombies from their head to their feet they're dead heat they're dead heat if you shoot 'em down they'll be back on thier feet

they're dead heat
they're dead heat
?
they're dead heat
they're dead heat
they show a lot of heart
even though it don't beat
