Hideous

The Dickies

you're so hideous you're not one of us i really pity you and i don't want you

it's so hard to face you're face every time i look at you i feel disgrace i don't want to find you in my place you are just a basket case

it's so hard to face you're face every time i look at you i feel disgraced i don't want to find you in my place you shouldn't belong to the human race

you're so hideous
you're not one of us
i really pity you
and i don't want to know you
