

# Faster And Louder

## The Dictators

Talk, talk, talk, talk, keeps getting in the way  
Speaking as a young artiste who has so much to say  
So now you know my situation  
understand my aggravation  
building up so strong inside  
cause I wanna make some noise

I can play  
Faster and louder  
I can dance  
Faster and louder  
I can live  
Faster and louder  
I'm a man  
Faster and louder

Feel the need to express myself  
Think I'll form a band and call it Yazoo Squelch  
Some say it's an abberation  
I know it's my avocation  
step aside and watch me fly  
cause I'm gonna make some noise

I can talk  
Faster and louder  
I can eat  
Faster and louder  
I can screw  
Faster and louder  
I'm a man, I'm a man  
Faster and louder

I can scream  
Faster and louder  
I can jive  
Faster and louder  
walk the dog  
Faster and louder  
mow the lawn  
Faster and louder  
jump back jack!  
Faster and louder  
get down Bernice!  
Faster and louder  
Hot Pants!
