### The Dillinger Escape Plan

Ravaged skies  
rain  
did you forget  
have you forgotten  
liar  
did you forget  
cause it's not over yet  
cheat  
the digital reads  
20to2  
and the radio is screaming  
static  
rather burn you than love you  
but i won't be fooled  
into dreaming of parks  
that breathe  
instead  
I'll have sweet nightmares of you  
these days are over  
I've turned the page  
and burned the book  
charcoal circles  
around your eyes  
no regrets  
right!
