Up and now murder, it's foul murder  
Turkeys to cowburgers the code to I'll murder  
Child if you style or wild splurge  
Stay away OK, Mr Giles'll hurt you

I ain't go to school, stayed the hell at home  
In the real estate dog I seen hell at homes  
You was selling out I was selling homes  
Selling dreams to the phone, I can sell the tone

In the science lab I mix me chemicals  
In silicone fella in the vanilla cone  
The school even play the recorder  
Now days he work for F-E-D-S  
And plays his recorder

You think he placing he taping his order  
Marking the bills they read,  
Tasting the waterf\*\*\*ed up  
We duct-taping his daughter  
That's the taping they taught us

In addition add the eight and the quarters get it  
In addition Ma, yeah you get it dog  
Gets it and ditch it  
Kitchen whipping and flip it raw  
Get it all off the kitchen floor  
My bad is my bad, the baddest ask me

What I'm b\*\*\*\*\*ing for  
What I'm b\*\*\*\*\*ing for?  
Is to put the is in all  
Furs his or hers b\*\*\*\*\* go pitch it whore  
No disrespect Mami, no disrespect at all

In a year or two maybe you can get a store  
You should honor my core  
You want a Honda Accord  
I'm trying to turn you into entrepreneurs  
That's a real friend  
That's a homie right right true

I fell that is only right  
That I live the life of rally  
I done did knives in alleys, pipes, in rallies  
What you do now?  
Now I catch flights to Cali  
Looking for a wife to spouse I pipe her proudly  
She understands my life gets rowdy  
I'm the same say  
Prane day I'm icy outey

Yo, now I done been on both sides of the fence  
Now I done been on both sides of the gate  
Survived and escaped  
Look at me now man I'm driving away  
Thinking about my old teacher who said I rot and decay  
(Never)  
I go back and beep the horn at them  
Blowing that cheech and chong at them  
Yelling, screaming the boy is platinum

It all happens so fast  
They all imagine I crash  
But I did straight through I'm bad  
Like Michael was see what the cycle does  
360 spin around, I'm the new kid in town

Yeah it's coming soldier,  
April the month it's over  
Yeah your run is over  
The album is done I told you  
What a classic I made, I look up see Cam  
See the game what a path that he made  
A beautiful mind trapped in the shade  
Cracking codes for the man  
Who only stand in the back of my brain  
At last I done came up in the proper way  
True author like the great doctor J was

You can't respect the amount jewels in this new wide movement  
If you don't respect the amount of dudes in this too live movement  
Me and Killa, we like them,  
Those two guys moving I-95 south dirty  
With them two pies moving, moving  
Trying to crease out the lightning  
Trying to keep out the excitement  
But it's hard in this bulls\*\*\*, in this game  
'Cause the secret indictments  
And you coke experimenters  
And you coke experiencers

Be easy on the phone dog,  
'Cause you know the hearing us  
You styling them b\*\*\*\*es  
Cause you know they serious  
Just picturing, it's so easy to draw  
Stop and freeze at them whores  
Then we speed off in cars  
Then we breezing the law  
Blowing that weed from my jaw

G's up hoe's down  
East Side to by dog  
(East Side)  
All the time man  
Thanks for even asking  
Or we be seen in Aspen  
In that pool house, that hot tub with that steam relaxing  
And we be seen in action

Keep them fiends collapsing  
And they thirsty and they nodding and the be ?  
They see me my actions  
I cruise by in a Beemer just laughing

I let that rock and roll

I coping poppy's load  
It was like coping gold,  
I shut down poppy's load  
I hit the strip dog  
I see the cops get load  
Now I'm living the life I got to stop and close  
Big cars big stars like it's rock and roll
