

# Let's Go

## The Diplomats

I've been really tryin' baby  
Tryin' to hold back these feelings for so long  
And if you feel like I feel baby  
Come on  
Ohhh come on

Let's get it on nigga

Ah man

Santana you on your own man  
Lets do it man

Man let's do it

Uh, you nigga's dealin' with a G from the block  
Yeah it's me from the block  
Quick to tell a nigga' (Let's get it on)  
But I don't really like to beef on the block  
That bring heat to the block  
I got ta' eat on the block nigga' (Let's get it on)  
Yeah you dealin' with a pimp from the hood  
Keep a chick from the hood  
Quick to tell her aye (Let's get it on)  
Come on  
Let's go  
I'm tryin' to do it so aye (Let's get it on)  
I'm one hell of a guy  
Fly fella' can fly  
Like Scarface one hell of a high (Let's get it on)  
One hell of a ride  
That I ride, 23's look like the pellas' on side (Let's get it on)  
Who stuntin' like me?  
Who frontin' like me?  
Who did it, who get it, who done it like me?  
You? (Let's get it on)  
Who wishin', who frontin', who want it from me?  
You? Come get it, you want it, it's nothing to me  
You? (Let's get it on)  
Yup, already know how I feel  
When it comes to pumpin' that steel  
It's like (Let's get it on)  
You know with these ride boys toke time up with the cowboy ropes  
So (Let's get it on)  
Uh, let's get it on y'all  
Uh, it's love (Let's get it on)  
Hey ma, back that ass up  
Lookin' back almost crashed up  
So (Let's get it on)  
That's love right there  
Hit em' one more time  
Let's get it on, on, on - [Fades till end]
