

Lift Me Up

The Dirty Heads

'Cause everyday can be a holiday
The pusher man, he just a call away
And when I call he gonna come around
And when he comes we gonna burn it down
He don't stay here for a long time
But when he comes we'll have a good time
And we can stay right here all day
And I just wanted to hear him say

Lift me up
Said I just got a brand new bag
Lift me up, now
Yeah, I think I need another drag
Lift me up
Yeah, meet me around the back

Tomorrow comes and we have run dry
I only need to call him one time
It don't take long for him to show
And when he comes you know we gonna do
And he don't stay here for a long time
But when he comes we'll have a good time
(Lift me up)
We can stay right here all day
And I just wanted to hear him say

Lift me up, now
Said I just got a brand new bag
Yeah I said, lift me up
Yeah, I think I need another drag
Lift me up
Yeah, meet me right around the back

Down, down, lift me up
Down, down, lift me up
Down, down, lift me up
Down, down, lift me up

When I'm down, down, lift me up
When I'm down, down, lift me up
When I'm down, down, lift me up
When I'm down, down, lift me up
When I'm down, down, lift me up
When I'm down, down, lift me up

And I just wanted to hear him say
Lift me up
Lift me up, now
Yeah, I think I need another drag
Lift me up
Yeah, meet me around the back
Lift me up
Lift me up
