

Lighthouse

The Dirty Heads

I'm a flame, I'm a beacon that won't go out
In the dark, in the rain, I'm your lighthouse
When you can't stand the pain hope you know now
I'll keep you safe, I'm your lighthouse

Oh, I'll be your lighthouse
Oh
Oh, I'll be your lighthouse
Oh

In your name I will always keep you so proud
When your lost in the waves, I'm your lighthouse
When you can't find the strength hope you know now
I'll keep you safe, I'm your lighthouse

Oh, I'll be your lighthouse
Oh
Oh, I'll be your lighthouse
Oh

Captivate me in your mother's arms
Hands are waiting when you fall
Captivate me in your mother's arms
Hands are waiting when you fall

I'm a flame, I'm a beacon that won't go out
In the dark, in the rain, I'm your lighthouse
When you can't stand the pain hope you know now
I'll keep you safe, I'm your lighthouse

Oh, I'll be your lighthouse
Oh
Oh, I'll be your lighthouse
Oh

In your name I will always keep you so proud
When your lost in the waves, I'm your lighthouse
When you can't find the strength hope you know now
I'll keep you safe, I'm your lighthouse
