

## Notice

### The Dirty Heads

I was a fool for playin' it cool,  
I tell ya  
You made it clear it wasn't workin' for you  
I couldn't get just a passin' glance  
And you didn't know  
So I'm tellin' you now and I'm takin' this chance, to let you k  
now

I wish you'd notice (notice) when I'm not around  
I wish you'd notice (notice) when I'm not around  
So I could show this (show this) new love that I've found  
I wish you'd notice (notice) when I'm not around

If I could read your mind and find out what to do,  
I'd do it  
I'd change up my style all the way to my shoes  
You're lookin' now  
Situation arisin', am I breakin' the rules?  
Will you tell me  
If I try to get a little attention from you,  
What do I do to make you

Notice when I'm not around  
This is hopeless and bringin' me down  
I wanna show this new love that I found  
To make you notice when I'm not around

I said that the trance that you had me in  
No longer pulls at my heart like a tidal wind  
And now that I've gone,  
Now I've moved on,  
You'll no longer hear me singin' this song  
Like

Notice when I'm not around  
You're so hopeless, it's bringin' you down  
I tried to show this new love that I found  
And now you notice when I'm not around
