

# Stand Tall

## The Dirty Heads

Say watchu say or just sail away  
She can't stand me but i miss her face  
I feel like drowning but the tide's too low  
And now I'm waiting for the undertow

So I stand tall, it gets a little better  
I see the wall that we can break down together  
Stand strong, It gets a little better now  
We can break it down,yes,we can break it

Well, I can only take so much  
The pressure may come to pressure us  
Oh, they came to watch us fall  
We will rise up against them all

So I stand tall, it gets a little better  
I see the wall that we can break down together  
Stand strong, It gets a little better now  
We can break it down,yes,we can break it

Stand tall, it gets a little better  
I see the wall that we can break down together  
Stand strong, It gets a little better now  
We can break it down,yes,we can break it  
Yes, we can break it, we can break it

Pardon me your much too loud  
Gotta sing my song,I'm gonna sing it loud  
No one's gonna bring me down  
I'm gonna stand up strong,gonna hold my ground

Tell me what are we fighting for?  
Just to do what we done before  
Tell me what are we fighting for?

Stand tall, it gets a little better  
I see the wall that we can break down together  
Stand strong, It gets a little better now  
We can break it down,yes,we can break it

Stand tall, it gets a little better  
I see the wall that we can break down together  
Stand strong, It gets a little better now

We can break it down,yes,we can break it  
Yes, we can break it, we can break it  
We can break it down,yes,we can break it  
Yes, we can break it, we can break it

Stand tall, it gets a little better  
I see the wall that we can break down together  
Stand strong, It gets a little better now  
We can break it down,yes,we can break it  
Yes, we can break it, we can break it
