The Warming Sun - The Dirty Heads

Pickin' up slack, you live for it lady  
You never have a good time and go  
Takin' it back, you try for it daily  
You only like that old rock'n'roll  
You wait for the night, you're rockin it steady  
You can't stop and mess up your flow  
Your fight from the fix, the weight of its heavy  
You feel like you'll never let go

And over n over n over n over again  
Ah yeah, over n over n over n over again

Look to the warming sun  
We left our troubles all around the town  
You know we didn't hurt no one  
We lit the sky up then we burned it down

Look to the warming sun  
We left our troubles all around the town  
You know we didn't hurt no one  
We lit the sky up then we burned it down, yeah

Slippin' in time, we move with it slowly  
We didn't know that night went so fast  
We broke all our bones, the city it owed we  
We never let it live in the past  
We live in the light we wake with it slowly  
Remember love, the one thing that lasts  
When day break came on, there was one thing it showed me  
That there was nothing left in our path

And over n over n over n over again  
Ah yeah, over n over n over n over again

Look to the warming sun  
We left our troubles all around the town  
You know we didn't hurt no one  
We lit the sky up then we burned it down

Look to the warming sun  
We left our troubles all around the town  
You know we didn't hurt no one  
We lit the sky up then we burned it down

Ooh, oh, oh, ohh  
Round n round we go  
Ooh, oh, oh, ohh  
Now we reapin' what we've sewn

Ooh, oh, oh, ohh  
Round n round we go  
Ooooohhh

Look to the warming sun

We left our troubles all around the town  
You know we didn't hurt no one  
We lit the sky up then we burned it down

Look to the warming sun  
We left our troubles all around the town  
You know we didn't hurt no one  
We lit the sky up then we burned it down

Look to the warming sun  
We left our troubles all around the town  
You know we didn't hurt no one  
We lit the sky up then we burned it down, yeah
