

# Darkest Wedding

The Dirty Youth

Dearly beloved  
We're gathered here today  
To celebrate the darkest wedding

I know I've been here before  
Same old faces that grace this floor  
The look of the groom, same old lies but different story  
All the people, they gather to see  
The conclusion of misery  
All dressed up but so confused by self-obsession

If you had another chance  
Would you change it all?  
Change this failed romance

We're gathered here today  
To give your life away  
To celebrate the darkest wedding day  
We're gathered here today  
To stand and hear them say  
To celebrate the darkest wedding day

Watching angels shed their wings  
As they hope for better things  
The greener grass is looking dull as they get closer  
As the tears hit the ground  
It echoes empty sound  
This bed of roses tears apart your life with thorns

If you had another chance  
Would you change it all?  
Change this failed romance

We're gathered here today  
To give your life away  
To celebrate the darkest wedding day  
We're gathered here today  
To stand and hear them say  
To celebrate the darkest wedding day

Give me a reason  
Why we should stay here

We're gathered here today  
To give your life away  
To celebrate the darkest wedding day  
We're gathered here today  
To stand and hear them say  
To celebrate the darkest wedding day  
Darkest wedding
