

Ellen

The Dirty Youth

The desecration of all that you are
Pull down the sleeves to hide the scars
Ellen looks to the great big sky
Will she live or will she die?

Panic sets in, sets in fast
Triple bed pill, will he last
Ellen looks to the great big sky
Is it time to say goodbye?

Patriotic rage starts a revolution
Sad distance thoughts follow me

Something's staring at you
What would you do?
Would you destroy another?

I'm still staring at you
What will we do?
Would we destroy each other?

I'm drowned in blood, I can't relate
Common sense on a coffee break
Ellen falls to her knees
Someone help her, help her please

Sympathetic, I am not
You're pathetic, I forgot
Ellen falls to her knees
Someone help her, help her please

Patriotic rage starts a revolution
Sad distance thoughts follow me

Something's staring at you
What would you do?
Would you destroy another?

I'm still staring at you
What will we do?
Would we destroy each other?

You're still crawling
Into nothing

You're still crawling
Into nothing

Something's staring at you
What would you do?
Would you destroy another?

I'm still staring at you
What will we do?
Would we destroy each other?

Something's staring at you

What would you do?
What would you do?

I'm still staring at you
What did you do?
What did you do?
