

## Feel

## The Dirty Youth

Everything comes to an end  
Every life should stop in silence  
The bitter sweet taste of the sun  
Lights up the day and everyone

Love is always wasted on  
The ones that seem to get it so wrong  
Everyone should get a chance  
But no-one ever gets a chance

All I need to know  
I need to know

Do you feel me  
Like I felt you  
Why do you fail to understand  
What your holding in your hand  
All this time  
I've been waiting  
Directions fade to nothing  
I'll never fade to nothing

Making up the final page  
Getting old and growing wiser  
What it takes to change the past  
You can never change the past

All I need to know  
I need to know

Do you feel me  
Like I felt you  
Why do you fail to understand  
What your holding in your hand  
All this time  
I've been waiting  
Directions fade to nothing  
I'll never fade to nothing

Show me a sign  
Cause I  
I can't take it no more
