

# Lay Your Love

The Dirty Youth

I can't forget the words  
Those softly spoken words you gave to me  
You've been giving off signs  
Taking up all my time, I find it hard to breathe

Now you got me thinking  
We could be much more  
I can't hide this feeling  
It's worth dying for  
Now I got these feelings  
Now I got these feelings  
Now I got these feelings

So just lay your love on me  
Wrap your arms around me  
You can set me free  
So just lay your love on me  
Wrap your arms around me  
You can set me free

It's hard to turn away  
When I've been thinking about you every day  
I can't take it, I can't take it  
I can't take it if I'm not next to you

Now you got me thinking  
We could be much more  
I can't hide this feeling  
It's worth dying for  
Now I got these feelings  
Now I got these feelings  
Now I got these feelings

So just lay your love on me  
Wrap your arms around me  
You can set me free  
So just lay your love on me  
Wrap your arms around me  
You can set me free

Take my hand tonight  
We can be together  
Take my hand tonight  
We can be together  
Take my hand tonight  
We can be together  
Take my hand tonight

And just lay your love on me  
Wrap your arms around me  
You can set me free  
So just lay your love on me  
We can be together  
We can be together
