Take all the drugs from the ..

You're at the back but you can't touch,
You're at the back push your way through,
Get to the front,
Here, I'mma show you.

Come get your fix.

To see if you can give in to me,
You want this,
Give in to lust, to lust, to lust, to lust, to lust.

Come to the club,
Come caress me,
No innocence,
Just address me.

There's no escape from the machine,
There's no escape.

Come get your fix.

Well,
Don't tell me this is too much for you,
You can't escape 'cause you give in too easy,
Don't tell me this is too much for you,
You can't escape 'cause you give in too easy.

You can't leave,

See the creature you created,
It will never stop.
