

# I'm All You Need

The Divine Comedy

Don't look a horse in the mouth  
Don't let a frog get you down  
Dragging you round like a dog on a lead  
I'm all you need

Baby I'm in love with you  
And my love could go on and on  
Maybe you could love me too  
And our love could go on and on

So don't look a horse in the mouth  
Don't let a frog get you down  
Dragging you round like a dog on a lead  
I'm all you need

Baby I'm in love with you  
And my love could go on and on  
Maybe you could love me too  
And our love could go on and on

But don't look a horse in the mouth  
Don't let a frog get you down  
Dragging you round like a dog on a lead  
I'm all you need

Baby I'm in love with you  
And my love could go on and on  
Maybe you could love me too  
And our love could go on and on and on and on
