The Ocean

The Dodos

Its only the ocean
Its only the ocean run
Its only the ocean run, no need to run
Its only the ocean

Its only the ocean
Its only the ocean run
Its only the ocean run, no need to run
Its only the ocean

Subject to others, subject to no one

Theres no need to run at all
Did you run for so long?

Theres no need to run at all
Did you run for so long?

I want to be where I want you to be
