

Hook It Up

The Donnas

Call all my friends, they're commin' right over
We're all gonna get some four leaf clover

The flavor of the month is ace of spades
And then we'll sit back and chug lemonade

Yeah, yeah, well it's just outta sight
Yeah, yeah, c'mon and do it all night

You gotta hook it up, baby You gotta hook it up
Wanna get spaced out tonight

You gotta hook it up, baby
Blow my mind and feel all right

This stuff'll knock you outta your seat
So come one and get spaced out with me

Uh-oh now it's time to hide the fumes
No Wizard spray, we gotta use perfume
Hook it up Hook it up

Better make sure that the door is locked
Let's do some more you know
I'm fully stocked

Let's look in the fridge and get some snacks
Pizza Wispride caffeine to the max
