

## Hot Boxin'

The Donnas

Hey little girl you're runnin all over town  
I know about you yeah you really get around  
Well I hate to say it but your clothes don't fit you right  
And tonight I think you've got your hot pants on too tight

You're always wearing those hot pants  
You say you're lookin for romance  
But when I 'm around you know you haven't got a chance  
You're always wearing those hot pants  
But I know that no one wants to dance with you tonight

Hey little girl you're tryin to get with my guy  
I've got two words hands off or baby I'll make you cry  
I don't pull hair and I don't fight dirty  
But piss me off at 9 and you're lunchmeat by 9:30

Well you've got the moves but your hair is so last year  
And you've got the attitude but you're wearing your headgear  
Everybody knows you put the ho in ho ho's  
And you're in my face and I wanna break your nose
