

It's So Hard

The Donnas

I'm not obsessed, I could care less
I just want to get you undressed
The less you talk, the more you say
Don't let words get in the way

It's so hard to be on your own
When your holdin' it all alone
And you've been workin' it to the bone
It's so hard, it's so hard

You're just another guy
with a wonderin' eye
And I'm just a Gemini
I don't see what's the harm
If we don't set off the alarm

Don't mind if I do
There's something I want to show you
Don't mind if you don't
Remember this baby cause I won't
