

# Like An Animal

The Donnas

I can't see you in front of me but I know you're there  
Feel my breath on your neck and my fingers in your hair

Get it up, I can't relax  
Don't hold back, you know I want it bad

Woah oh oh! I can't say no  
I lose control cause with you I'm like an animal  
Woah oh oh! I can't say no  
I lose control cause with you I'm like an animal

Just a drop on my lip and my heart starts to react  
Nothing bites like I do when I'm ready to attack, Hah!

Tear it off, I wanna feel your skin  
Take a bite, you know it's not a sin

Wild in the street, Don't care if anybody sees  
Don't bother sayin' please if you wanna ravage me, Yeah!
