

Take Me To The Backseat

The Donnas

Don't wanna go to the mall,
Don't wanna go to the movies,
I think we've done it all
Just take me to the backseat!

Don't wanna hear you talkin'
Don't wanna play your game
Let's get this baby rockin'
Just take me to the backseat

You don't wanna get high
I don't wanna get low
So c'mon, let's go
And get on it, yeah
Honey, please
Just take me to the backseat!

Just take me to the backseat
Where no one else can see
I know you're into me,
Just take me to the backseat...
And get ready for me!
Honey, please

Don't wanna be your friend,
Don't try to take me home
This won't happen again
Just take me to the backseat!

You don't wanna get high
I don't wanna get low
So c'mon, let's go
And get on it, yeah
Honey, please
Just take me to the backseat!

Just take me to the backseat
Where no one else can see
I know you're into me,
Just take me to the backseat...
And get ready for me!
Honey, please

Do you need a map?
Let's skip the nightcap
I'll make it sticky sweet
Just take me to the backseat!

Just Take me to the backseat
Where no one else can see
I know you're into me,
Just take me to the backseat...
Just take me to the backseat
Just take me to the backseat
I know you're into me,
Just take me to the backseat...
And get ready for me!

Honey, please.
