

The Gold Medal

The Donnas

So what were you expecting?
Every song has a perfect ending,
But thats not good enough,
not good enough for you

I thought you opened up your gates,
You claim that everyone relates,
What was I thinking when I thought that meant me too?

I'll take note,
Put on my coat'
Leave you to read what I wrote.
So sorry you never wanted me,
But thats what made me want
THE GOLD MEDAL

Cheer on the circus clowns!
"This is the best of the towns"
What did you get from them
That you couldn't get from me?

It's where I got my start
but not where I left my heart
I take that with me now I've seen whats underneath
