

# You Wanna Get Me High

The Donnas

You look familiar, do I know you?  
Oh yeah, you're that popular guy.  
You always made fun of my crew  
And now you wanna get me high?  
Yeah!

You wanna get me  
You wanna get me high  
You wanna get me

Now you know my name, you wanna get me high,  
You're tryin to get with me and I don't know why...  
Call me on the phone, you wanna get me high,  
Don't remember your name, don't really wanna try.

You always said I was doin' it wrong  
But it looks like you forgot!  
'Cause now you sing along to every song,  
I'm hot and you're not!

You wanna get me  
You wanna get me high  
You wanna get me

You wanna get me  
It's too late, so don't even try!  
You wanna get me

You had your chance but you let it slide,  
And now you act like you're on my side!!

Dude, you gotta say it,  
Don't spray it!  
You never talked to me before.  
No, I don't wanna Cafe' Au Lait it  
I'll make Narci show you the door!

You wanna get me  
You wanna get me high  
You wanna get me

You wanna get me  
You wanna get me high  
You wanna get me
