

Universal Mind

The Doors

I was doing time
In the universal mind
I was feeling fine
I was turning keys
I was setting people free
I was doing all right

Then you came along
With a suitcase and a song
Turned my head around
Now I'm so alone
Just looking for a home
In every place I see

I'm the freedom man
I'm the freedom man
I'm the freedom
That's how lucky I am

I was doing time
In the universal mind
I was feeling fine
I was turning keys I was setting people free
I was doing all right

Then you came along
With a suitcase and a song
Turned my head around
Now I'm so alone
Just looking for a home
In every place I see

I'm the freedom man

I was doing time
In the universal mind
I was feeling fine
I was turning keys
I was setting people free
I was doing all right

Then you came along
With a suitcase and a song
Turned my head around
Now I'm so alone
Just looking for a home
In every place I see

I'm the freedom man
Yeah, that's how lucky I am
I'm the freedom man
I'm the freedom man
