

# Universal Mind

The Doors

I was doing time  
In the universal mind  
I was feeling fine  
I was turning keys  
I was setting people free  
I was doing all right

Then you came along  
With a suitcase and a song  
Turned my head around  
Now I'm so alone  
Just looking for a home  
In every place I see

I'm the freedom man  
I'm the freedom man  
I'm the freedom  
That's how lucky I am

I was doing time  
In the universal mind  
I was feeling fine  
I was turning keys I was setting people free  
I was doing all right

Then you came along  
With a suitcase and a song  
Turned my head around  
Now I'm so alone  
Just looking for a home  
In every place I see

I'm the freedom man

I was doing time  
In the universal mind  
I was feeling fine  
I was turning keys  
I was setting people free  
I was doing all right

Then you came along  
With a suitcase and a song  
Turned my head around  
Now I'm so alone  
Just looking for a home  
In every place I see

I'm the freedom man  
Yeah, that's how lucky I am  
I'm the freedom man  
I'm the freedom man
