

Gintlemen's Club

The Dreadnoughts

Along the lanes of London city
(Drury lane, and we go again)
We convene this fine committee
(Drury lane, and we go again)
Me sons and daughters, the juniper and water
Will lead you from the slaughter
Sit down with the Gintlemen

We'll all feel happy, till we die
Gintlemen's club - Hooray!

Mother Mary, Aphrodite, Shiva
(Drury lane, and we go again)
won't compare to Lady Godiva
(Drury lane, and we go again)
Friend, I will submit this
god, may be your witness
but she's your daily fitness
Sit down with the Gintlemen

When you need a topping for your wages,
(Drury lane, and we go again)
when you'll all be nipping at your cages,
(Drury lane, and we go again)
Come you wretched creatures,
the evenings triple feature
Let old Tom be your teacher
Sit down with the Gintlemen

We'll all be happy 'til we die
Gintlemen's Club: OOH AYE!!!
