

## Polka Never Dies

### The Dreadnoughts

Your eyes were filled with stars  
So you pick up a guitar  
and how the people gave  
the attention that you crave  
Tonight, the stage is yours  
but the world has watched you rise  
and fall a thousand times before  
Polka Never Dies!

So when your face is gone  
the dance will carry on  
and you'll rot down in your grave  
with the souls you couldn't save  
Tonight, the stage was yours  
how they loved your moans and sighs  
But oh, the reaper loved you more  
Polka Never Dies!

Come all you Indie Hipster Darlings  
and new pop country Starlings,  
To the main street legion hall  
look into my crystal ball  
Emo, Screamo, Polka Never Dies!  
Last call, dance hall, Polka Never Dies!  
You'll be the first against the wall  
Polka Never Dies!  
You'll be the first against the wall  
Polka Never Dies!
